In-Network Care

With OMNIA℠ Health Plans

OMNIA Health Plan members have in-network access to the largest doctor and hospital networks* in New Jersey. In-network doctors, hospitals and other health care professionals are grouped into two tiers within the Horizon Managed Care Network and the Horizon Hospital Network.

Horizon Managed Care Network*

Over **39,000** doctors and other health care professionals

+

Horizon Hospital Network*

77 hospitals in **95** locations

* Network counts are current at time of printing.

OMNIA TIER 1

Over **24,000** doctors and other health care professionals

34 hospitals in **40** locations

Members save on their out-of-pocket costs when receiving care from OMNIA Tier 1 doctors, hospitals and other health care professionals.

+

TIER 2

Over **15,000** doctors and other health care professionals

43 hospitals in **55** locations

When members receive care from Tier 2 doctors, hospitals and other health care professionals, their out-of-pocket costs are comparable to what they would pay under one of our standard plans.
