INTRODUCTION

This Plan gives you and your covered Dependents broad protection to help meet the cost of Illnesses and Injuries.

In this Booklet, you'll find the important features of your group's **OMNIA** benefits provided by the Plan. You should keep this Booklet in a safe place and read it carefully so that you become familiar with the benefits that are available to you and your family. This Booklet replaces any booklets and/or certificates you may previously have received.

Your benefits are self-insured through your Employer. Therefore, while Horizon BCBSNJ will initially review claims, all final claims decisions will be made by the Plan Administrator named by your Employer.

This applies to drugs, biological products, devices and any other product or procedure that must have final approval to market from: (i) the FDA; or (ii) any other federal government body with authority to regulate the Technology. But, such approval does not imply that the Technology will automatically be deemed by the Plan as Medically Necessary and Appropriate and the accepted standard of care.

- b. There must be sufficient proof, published in peer-reviewed scientific literature, that confirms the effectiveness of the Technology. That proof must consist of well-designed and well-documented investigations. But, if such proof is not sufficient or is questionable, the Plan may consider opinions about and evaluations of the Technology from appropriate specialty advisory committees and/or specialty consultants.
- c. The Technology must result in measurable improvement in health outcomes, and the therapeutic benefits must outweigh the risks, as shown in scientific studies. "Improvement" means progress toward a normal or functional state of health.
- d. The Technology must be as safe and effective as any established modality. (If an alternative to the Technology is not available, the Plan may, to determine the safety and effectiveness of a Technology, consider opinions about and evaluations of the Technology from appropriate specialty advisory committees and/or specialty consultants.)
- e. The Technology must demonstrate effectiveness when applied outside of the investigative research setting.

Services and supplies that are furnished for or in connection with an Experimental or Investigational Technology are not Covered Services and Supplies under this Program, even if they would otherwise be deemed Covered Services and Supplies. But, this does not apply to: (a) services and supplies needed to treat a patient suffering from complications secondary to the Experimental or Investigational Technology; or (b) Medically Necessary and Appropriate services and supplies that are needed by the patient apart from such a Technology.

Regarding a., above, the Plan will evaluate a Prescription Drug for uses other than those approved by the FDA. For this to happen, the drug must be recognized to be Medically Necessary and Appropriate for the condition for which it has been prescribed in one of these:

- The American Hospital Formulary Service Drug Information.
- The United States Pharmacopeia Drug Information.

Even if such an "off-label" use of a drug is not supported in one or more of the above compendia, the Plan will still deem it to be Medically Necessary and Appropriate if supportive clinical evidence for the particular use of the drug is given in a clinical study or published in a major peer-reviewed medical journal. But, in no event will this Plan cover any drug that the FDA has determined to be Experimental, Investigational or contraindicated for the treatment for which it is prescribed.

Also, regardless of anything above, this Program will provide benefits for services and supplies furnished to a Covered Person for medical care and treatment associated with: (i) an approved cancer clinical trial (Phase I, II, III and/or IV); or (ii) an approved Phase I, II, III and/or IV clinical trial for another life threatening condition. This coverage will be provided if: (a) the Covered Person's Practitioner is involved in the clinical trial; and (b) he/she has concluded that the Covered Person's participation would be appropriate. It can also be provided if the Covered Person gives medical or scientific information proving that such participation would be appropriate.

This coverage for clinical trials includes, to the extent coverage would be provided other than for the clinical trial: (a) Practitioners' fees; (b) lab fees; (c) Hospital charges; (d) treating and evaluating the Covered Person during the course of treatment or regarding a complication of the underlying illness; and (e) other routine costs related to the patient's care and treatment, to the extent that these services are consistent with usual and customary patterns and standards of care furnished whenever a Covered Person receives medical care associated with an approved clinical trial.

This coverage for clinical trials does not include: (a) the cost of Experimental or Investigational drugs or devices themselves; (b) non-health services that the patient needs to receive the care and treatment; (c) the costs of managing the research; or (d) any other services, supplies or charges that this Plan would not cover for treatment that is not Experimental or Investigational.

With respect to coverage for clinical trials, the Plan will not:

- Deny a qualified Covered Person participation in an approved clinical trial;
- Deny or impose additional conditions on the coverage of routine patient costs for items and services furnished in connection with an approved clinical trial; or

Discriminate against the Covered Person on the basis of his/her participation in such a trial.

GENERAL INFORMATION

How To Enroll

If you meet your Employer's eligibility rules, including any Waiting Period established by the Employer, you may enroll by completing an enrollment card. If you enroll your eligible Dependents at the same time, their coverage will become effective on the same date as your own. Except as otherwise provided below, if you or an eligible Dependent is not enrolled within 31 days after becoming eligible for the coverage under this Plan, that person is deemed a Late Enrollee.

Your Identification (ID) Card

You will receive an ID card to show to the Hospital, physician or other Provider when you receive services or supplies. Your ID card shows: (a) the group through which you are enrolled; (b) your type of coverage; and (c) your ID number. All of your covered Dependents share your identification number as well.

Always carry this card and use your ID number when you or a Dependent receive Covered Services or Supplies. If you lose your card, you can still use your coverage if you know your ID number. The inside back cover of this Booklet has space to record your ID number, along with other information you will need when asking about your benefits. You should, however, contact your benefits representative quickly to replace the lost card.

You cannot let anyone other than you or a Dependent use your card or your coverage.

Types Of Coverage Available

You may enroll under one of the following types of coverage:

- **Single** - provides coverage for you only.
- **Family** - provides coverage for you, your Spouse or Civil Union Partner and your Child Dependents.
- **Husband and Wife/Two Adults** - provides coverage for you and your Spouse or Civil Union Partner only.
- **Parent and Child(ren)** - provides coverage for you and your Child Dependents, but not your Spouse or Civil Union Partner.

Change In Type Of Coverage

If you want to change your type of coverage, see your benefits representative. If you marry, you should arrange for enrollment changes within 31 days before or after your marriage.

If: (a) you gain or lose a member of your family; or (b) someone covered under this Plan changes family status, you should check this Booklet to see if coverage should be changed. This can happen in many ways, e.g., due to the birth or adoption of a child, divorce, or death of a Spouse.

For example:

- You must enroll a newly born or newly adopted Child Dependent within 31 days of the date of birth or adoption in order to have coverage for your Child Dependent. If you are enrolled for Family or Parent and Child(ren) coverage, you must still submit an enrollment form to notify the Plan of the addition. If you are enrolled for Single coverage, you must enroll your child and pay any required additional contributions within 31 days in order to continue the child's coverage beyond that period.

- If you have Single coverage and marry, your new Spouse will be covered from the date you marry if you apply for Husband and Wife or Family coverage within 31 days.

Except as provided below, anyone who does not enroll within a required time will be considered a Late Enrollee. Late Enrollees may enroll only during the next open-enrollment months. Coverage will be effective on the first day of the month following the open-enrollment month.

Enrollment of Dependents

Horizon BCBSNJ cannot deny coverage for your Child Dependent on the grounds that:

- The Child Dependent was born out of wedlock;
- The Child Dependent is not claimed as a dependent on your federal tax return; or
- The Child Dependent does not reside with you or in the Service Area.

If you are the non custodial parent of a Child Dependent, Horizon BCBSNJ will:

- Provide such information to the custodial parent as may be needed for the Child Dependent to obtain benefits through this Plan;
- Permit the custodial parent, or the Provider, with the authorization of the custodial parent, to submit claims for the Child Dependent for Covered Services and Supplies, without your approval; and
- Make payments on such claims directly to: (a) the custodial parent; (b) the Provider; or (c) the Division of Medical Assistance and Health Services in the Department of Human Services, which administers Medicaid, as appropriate.

If you are a parent who is required by a court or administrative order to provide health coverage for your Child Dependent, Horizon BCBSNJ will:

- Permit you to enroll your Child Dependent, without any enrollment restrictions;
- Permit: (a) the Child Dependent's other parent; (b) the Division of Medical Assistance and Health Services; or (c) the Division of Family Development as the State IV D agency, in the Department of Human Services, to enroll the Child Dependent in this Plan, if the parent who is the Covered Person fails to enroll the Child Dependent; and
- Not terminate coverage of the Child Dependent unless the parent who is the Covered Person provides Horizon BCBSNJ with satisfactory written proof that:
 - the court or administrative order is no longer in effect: or
 - the Child Dependent is or will be enrolled in a comparable health benefits plan which will be effective on the date coverage under this Plan ends.

Special Enrollment Periods

Persons who enroll during a Special Enrollment Period described below are not considered Late Enrollees.

Individual Losing Other Coverage

If you and/or an eligible Dependent, are eligible for coverage, but not enrolled, you and/or your Dependent must be allowed to enroll if each of the following conditions is met:

- a. The person was covered under a group or other health plan at the time coverage under this Plan was previously offered.
- b. You stated in writing that coverage under the other plan was the reason for declining enrollment when it was offered.
- c. The other health coverage:
 - (i) was under a COBRA (or other state mandated) continuation provision and the COBRA or other coverage is exhausted; or
 - (ii) was not under such a provision and either: (a) coverage was terminated as a result of: loss of eligibility for the coverage (including as a result of legal separation; divorce; death; termination of employment; or reduction in the number of hours of employment); or (b) employer contributions toward such coverage ended.
- d. Enrollment is requested within 31 days after: (a) the date of exhaustion of the coverage described in item (c)(i) above; or (b) termination of the coverage or employer contributions as described in item (c)(ii) above.

In this case, coverage under this Plan will be effective as of the date that the prior health coverage ended.

New Dependents

If the following conditions are met, Horizon BCBSNJ will provide a Dependent Special Enrollment Period during which the Dependent (or, if not otherwise enrolled, you) may enroll or be enrolled:

- a. You are covered under the Plan (or have met any Waiting Period and are eligible to enroll but for a failure to enroll during a previous enrollment period).
- b. The person becomes your dependent through marriage, birth, or adoption (or placement for adoption).

The Dependent Special Enrollment Period is a period of no less than 31 days starting on the later of: (a) the date dependent coverage is made available pursuant to this section; or (b) the date of the marriage, birth, or adoption/placement.

Special Enrollment Due to Marriage or Acquiring a Civil Union Partner

You may enroll a new Spouse a Civil Union Partner under this Plan. If you are eligible, but previously declined coverage, you are also eligible to enroll at the same time that your Spouse a Civil Union Partner is enrolled.

You must request enrollment of your Spouse a Civil Union Partner within 31 days after the marriage or Acquiring a Civil Union Partner.

The coverage becomes effective not later than the first day of the month following the date of the completed request.

Special Enrollment Due to Newborn/Adopted Children

You may enroll a newly born or newly adopted Child Dependent.

If you do not make the request and the premium is not paid within such 31-day period, the newborn child will be a Late Enrollee.

Multiple Employment

If you work for both the Planholder and an Affiliated Company, or for more than one Affiliated Company, the Plan will treat you as if employed only by one Employer. You will not have multiple coverage.

Eligible Dependents

Your eligible Dependents are your Spouse or Civil Union Partner and your Child Dependents.

Coverage for your Spouse or Civil Union Partner will end: (a) on the date of your Spouse's death; (b) at the end of the Benefit Month in which you divorce or the Civil Union dissolves; or (c) at the end of the Benefit Month in which you tell us to delete your Spouse or Civil Union Partner from coverage following marital separation or the dissolution of the Civil Union.

Coverage for a Child Dependent ends at the last day of the Calendar Year in which the Child Dependent reaches age 26.

Coverage will continue for a Child Dependent beyond the age of **26** if, immediately prior to reaching that age, he/she was enrolled under this Plan and is incapable of self-sustaining employment by reason of mental retardation or physical handicap. For your handicapped Child Dependent to remain covered, you must submit proof of his/her inability to engage in self-sustaining employment by reason of mental retardation or physical handicap within 31 days of the child's attainment of age **26**. The proof must be in a form that meets our approval. Such proof must be resubmitted every two years within 31 days before or after the Child Dependent's birth date.

Coverage for a handicapped Child Dependent will end on the last day of the month in which the first of these occurs: (a) the end of your coverage; (b) the failure of your Child Dependent to meet the definition of Child Dependent for any reason other than age; or (c) the end of your Child Dependent's inability to engage in self-sustaining employment by reason of mental retardation or physical handicap.

If your child was enrolled as a handicapped Child Dependent under prior coverage with Horizon BCBSNJ and there has been no interruption in coverage, the child may be covered as a Child Dependent under this Plan, regardless of age.

When Coverage Ends

Your coverage under this Plan ends when the first of these occurs:

- The end of the Benefit Month in which you cease to be eligible due to termination of your employment or any other reason.
- The date on which the Plan ends for the class of which you are a member.
- You fail to make, when due, any required contribution for the coverage.

Coverage for a Dependent ends:

- When your coverage ends.

- When coverage for Dependents under this Plan ends.
- When you fail to make, when due, any required contribution for the Dependent coverage.
- As otherwise described under "Eligible Dependents", above.

In addition to the above reasons for the termination of coverage under the Plan, an act or omission by a Covered Person which, as determined by Horizon BCBSNJ shows intent to defraud Horizon BCBSNJ (such as: (a) the intentional and/or repeated misuse of Horizon BCBSNJ's services; or (b) the omission or misrepresentation of a material fact on a Covered Person's application for enrollment, health statement or similar document)), upon 30 days prior written notice, will result in the cessation of the Covered Person's coverage under this Plan. Such an act includes, but is not limited to:

- The submission of any claim and/or statement with materially false information.
- Any information which conceals for the purpose of misleading.
- Any act which could constitute a fraudulent insurance act.

Any termination for fraud will be retroactive to the Coverage Date. Horizon BCBSNJ retains the right to recoup from any involved person all payments made and/or benefits paid on his/her behalf.

Also, coverage under this Plan will end for any Covered Person who misuses an ID card issued by Horizon BCBSNJ.

Benefits After Termination

If you or a Dependent are confined as an Inpatient in a Facility on the date coverage ends, the Plan's benefits will be paid, subject to the Plan's terms, for Covered Services and Supplies furnished during the uninterrupted continuation of that stay.

Extension Of Coverage Due To Termination of the Group Plan

This applies if you or a covered Dependent are Totally Disabled on the date coverage under this Plan ends due to termination of the Group Plan. In this event, benefits will continue to be available for that person for Covered Services and Supplies needed due to the Illness or Injury that caused the disability. Benefits will continue to be paid during the uninterrupted period of the disability, but not for more than 12 months from the date the coverage ends.

Continued Coverage Under The Federal Family And Medical Leave Act

If you take a leave that qualifies under the Federal Family and Medical Leave Act (FMLA) (e. g., to care for a sick family member, or after the birth or adoption of a Child Dependent), you may continue coverage under this Plan. You may also continue coverage for your Dependents.

You will be subject to the same Plan rules as an Active Employee. But, your legal right to have your Employer pay its share of the required premium, as it does for Active Employees, is subject to your eventual return to Active work.

Coverage that continues under this law ends at the first to occur of the following:

- The date you again become Active.
- The end of a total leave period of 12 weeks in any 12 month period.

- The date coverage for you or a Dependent would have ended had you not been on leave.
- Your failure to make any required contribution.

Consult your benefits representative for application forms and further details.

Continuation of Coverage under COBRA

Under a federal law called the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA), you and your enrolled Dependents, not including a Dependent who is your Civil Union Partner and any newborn or newly adopted child may have the opportunity to continue group health care coverage which would otherwise end, if any of these events occur:

- Your death;
- Your work hours are reduced;

Each of your enrolled Dependents has the right to continue coverage if it would otherwise end due to any of these events:

- Your death;
- Your work hours are reduced;
- You became entitled to Medicare benefits;
- In the case of your Spouse, the Spouse ceased to be eligible due to divorce or legal separation; or
- In the case of a Child Dependent, he/she ceased to be a Child Dependent under this Plan's rules.

You or your Dependent must notify your benefits representative of a divorce or legal separation, or when a child no longer qualifies as a Child Dependent. This notice must be given within 60 days of the date the event occurred. If notice is not given within this time, the Dependent will not be allowed to continue coverage.

You will receive a written election notice of the right to continue the insurance. In general, this notice must be returned within 60 days of the later of: (a) the date the coverage would otherwise have ended; or (b) the date of the notice. You or the other person asking for coverage must pay the required amount to maintain it. The first payment must be made by the 45th day after the date the election notice is completed.

If you and/or your Dependents elect to continue coverage, it will be identical to the health care coverage for other members of your class. It will continue as follows:

- Up to 18 months in the event of the end of your employment or a reduction in your hours. Further, if you or a covered Dependent are determined to be disabled, according to the Social Security Act, at the time you became eligible for COBRA coverage, or during the first 60 days of the continued coverage, that person and any other person then entitled to the continued coverage may elect to extend this 18-month period for up to an extra 11 months. To elect this extra 11 months, the person must give the Employer written proof of Social Security's determination before the first to occur of: (a) the end of the 18 month continuation period; or (b) 60 days after the date the person is determined to be disabled.

- Up to 36 months for your Dependent(s) in the event of: your death; your divorce or legal separation; your entitlement to Medicare; or your child ceasing to qualify as a Child Dependent.

Continuation coverage for a person will cease before the end of a maximum period just described if one of these events occurs:

- This Plan ends for the class you belong to.
- The person fails to make required payments for the coverage.
- The person becomes covered under any other group health plan. But, coverage will not end due to this rule until the end of any period for which benefits for them are limited, under the other plan.
- The person becomes entitled to Medicare benefits.

If: a person's COBRA coverage was extended past 18 months due to total disability; and there is a final determination (under the Social Security Act) that the person, before the end of the additional continuation period of 11 months, is no longer disabled, the coverage will end on the first of the month that starts more than 30 days after that determination.

NOTE: Any right to continue the Plan's coverage that is granted to an Employee's Spouse pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended, shall not apply with respect to an Employee's Civil Union Partner.

The above is a general description of COBRA's requirements. If coverage for you or a Dependent ends for any reason, you should immediately contact your benefits representative to find out if coverage can be continued. Your Employer is responsible for providing all notices required under COBRA.

Continuation of Coverage under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)

If the Employee is absent from work due to performing service in the uniformed services, this federal law gives the Employee the right to elect to continue the health coverage under this Plan (for himself/herself and the Employee's Dependents, if any, not including a Civil Union Partner). If the Employee so elects, the coverage can be continued, subject to the payment of any required contributions, until the first to occur of the following:

- The end of the 24-month period starting on the date the Employee was first absent from work due to the service.
- The date on which the Employee fails to return to work after completing service in the uniformed services, or fails to apply for reemployment after completing service in the uniformed services.
- The date on which this Plan ends.

If the Employee elects to continue the coverage, the Employee's contributions for it are determined as follows:

- a) If the Employee's service in the uniformed services is less than 31 days, his/her contribution for the coverage will be the same as if there were no absence from work.
- b) If the service extends for 31 or more days, the Employee's contribution for the coverage can be up to 102% of the full premium for it.

For the purposes of this provision, the terms "uniformed services" and "service in the uniformed services" have the following meanings:

Uniformed services: The following:

1. The Armed Services.
2. The Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty.
3. The commissioned corps of the Public Health Service.
4. Any other category of persons designated by the President in time of war or national emergency.

Service in the uniformed services: The performance of duty on a voluntary or involuntary basis in a uniformed service under competent authority. This includes:

1. Active duty.
2. Active and inactive duty for training.
3. National Guard duty under federal statute.
4. A period for which a person is absent from employment: (a) for an exam to determine the fitness of the person to perform any such duty; or (b) to perform funeral honors duty authorized by law.
5. Service as: (a) an intermittent disaster-response appointee upon activation of the National Disaster Medical System (NDMS); or (b) a participant in an authorized training program in support of the mission of the NDMS.

Continued Coverage for Over-Age Dependents

Under this provision, an Employee's Over-Age Dependent has the opportunity to elect continued coverage under this Plan after his/her group health coverage ends due to attainment of a specific age.

For the purposes of this provision, an "Over-Age Dependent" is an Employee's child by blood or law who:

- is 30 years of age or younger;
- is not married, or in a Civil Union;
- has no dependents of his/her own;
- is either a New Jersey resident or enrolled as a full-time student at an accredited school;
- is not covered under any other group or individual health benefits plan; group health plan; church plan; or health benefits plan; and is not entitled to Medicare on the date the Over-Age Dependent continuation coverage begins.

If a Dependent Is Over the Limiting Age for Dependent Coverage

If a Child Dependent is over the limiting age for dependent coverage under this Plan, and:

- (a) the Dependent's group health benefits are ending or have ended due to his/her attainment of that age; or

(b) the Dependent has proof of receipt of benefits,

he/she may elect to be covered under this Plan until his/her 31st birthday, subject to the following subsections.

Conditions for Election

An Over-Age Dependent is only entitled to make an election for continued coverage pursuant to this provision if both of these conditions are met.

- The Over-Age Dependent must provide receipt of benefits under: a group or individual health benefits plan; group health plan; church plan; health benefits plan; or Medicare. Such prior coverage must have been in effect at some time prior to making an election for this Over-Age Dependent coverage.
- Unless a parent of an Over-Age Dependent has no other Dependents eligible for coverage under this Plan, or has a Spouse or Civil Union who is covered elsewhere, the parent must be enrolled for Dependents coverage under this Plan at the time the Over-Age Dependent elects continued coverage.

Election of Continuation

To continue group health benefits, the Over-Age Dependent must make written election to Horizon BCBSNJ. If this is done, the effective date of the continued coverage will be the latest of these dates:

- The date the Over-Age Dependent gives written notice to Horizon BCBSNJ.
- The date the Over-Age Dependent pays the first premium for it.
- The date the Over-Age Dependent would otherwise lose coverage due to attainment of the limiting age.

For a Dependent whose coverage has not yet terminated due to attainment of the limiting age, the written election must be made within 30 days prior to termination of the coverage due to that attainment if the child seeks to maintain continuous coverage. The written election may be made later, but if this is done, there will be a lapse in coverage.

For a Dependent who was not covered on the date he/she reached the limiting age, the written election may be made at any time.

For a person who did not qualify as an Over-Age Dependent due to failure to meet the requirements to be an Over-Age Dependent, but who later meets all of those requirements, the written election may be made at any time after the requirements are met.

Payment of Premiums

Horizon BCBSNJ will set the premiums for the continued coverage, in a manner that is consistent with the requirements of applicable New Jersey law.

The first month's premium must be paid within 30 days of the date the Over-Age Dependent elects continued coverage.

Subsequent premiums must be paid monthly, in advance, and will be remitted by the Planholder.

Grace Period for the Payment of Premiums

An Over-Age Dependent's premium payment is timely as follows:

- With respect to the first due payment, if it is made within 30 days after the election for continued coverage;
- With respect to later payments, if they are made within 30 days of the date they become due.

Scope of Continued Coverage

The continued coverage will be identical to the coverage provided to the Over-Age Dependent's parent who is covered as an Employee under this Plan and will be evidenced by a separate Booklet and ID card being issued to the Over-Age Dependent. Subject to the following subsection, if this Plan's coverage for other dependents who are Covered Persons is modified, the coverage for Over-Age Dependents will be modified in like manner. Evidence of insurability is not required for the continued coverage.

Single Coverage for Over-Age Dependents

The continued coverage for an Over-Age Dependent is single coverage. Any Deductible, Coinsurance and/or Copayment required of and payable by an Over-Age Dependent during a period of continued coverage pursuant to this provision is independent of any Deductible, Coinsurance and/or Copayment required of and payable by the other covered family members. Regardless of anything above to the contrary, any current or future provision of this Plan allowing for a family deductible limit, family out-of-pocket maximum or any other similar provision that aggregates the experience of a covered family does not apply to the continued coverage for the Over-Age Dependent.

When Continuation Ends

An Over-Age Dependent's continued coverage ends as of the first to occur of the following:

- The date on which the Over-Age Dependent fails to meet any one of the conditions to be an Over-Age Dependent.
- The end of a period during which a required premium payment for the continued coverage is not made when due, subject to the "Grace Period for the Payment of Premiums" subsection above.
- The date on which the Employee's coverage ends.
- The date on which this Plan coverage for Dependents is ended.
- The date on which the Employee waives this Plan's Dependents coverage. However, if the Employee has no other Dependents, the Over-Age Dependent's coverage under this Plan will not end due to that waiver.

Inapplicability of Other Continuation Provisions

Regardless of anything in this Plan to the contrary, for an Over-Age Dependent who has continued coverage pursuant to this provision, this provision supersedes any other continuation right(s) that would otherwise be available to him/her under this Plan. Such an Over-Age Dependent is not entitled to continuation under any such other provision either while this provision's continuation is in force or after it ends.

Conversion Coverage

If coverage under this Plan for your Spouse ends due to divorce, the former Spouse may apply to Horizon BCBSNJ for individual non group health care coverage. To do so, he/she must apply to Horizon BCBSNJ in writing no later than 31 days after the coverage under this Plan ends.

The former Spouse does not need to prove he/she is in good health.

The coverage will be at least equal to the basic benefits under contracts then being issued by Horizon BCBSNJ to new non-group applicants of the same age and family status. This coverage is called "conversion coverage." The conversion coverage, if provided, may be different than the coverage provided by this Plan. We will provide details of this conversion coverage upon request.

If Horizon BCBSNJ determines that the former Spouse is entitled to conversion coverage (according to the above rules), it will go into effect on the day after his/her coverage under this Plan ends, if the application is furnished timely and the premium for the coverage is paid when due.

If the former Spouse is not located in New Jersey when he/she becomes eligible for this conversion coverage, we will provide information whereby the former Spouse can apply for any individual health coverage made available by the Blue Cross/Blue Shield plan in the area where the Spouse is located.

Medical Necessity And Appropriateness

We will make payment for benefits under this Plan only when:

- Services are performed or prescribed by your attending physician;
- Services, in our judgment, are provided at the proper level of care (Inpatient; Outpatient; Out-of-Hospital; etc.);
- Services or supplies are Medically Necessary and Appropriate for the diagnosis and treatment of an Illness or Injury.

THE FACT THAT YOUR ATTENDING PHYSICIAN MAY PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE OR SUPPLY DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY AND APPROPRIATE FOR THE DIAGNOSIS AND TREATMENT OF AN ILLNESS OR INJURY OR MAKE IT AN ELIGIBLE MEDICAL EXPENSE.

Cost Containment

If we determine that an eligible service can be provided in a medically acceptable, cost effective alternative setting, we reserve the right to provide benefits for such a service when it is performed in that setting.

Managed Care Provisions

Choosing a PCP

A Covered Person is encouraged to choose a PCP from the Horizon BCBSNJ Managed Care Doctor & Hospital Finder when he/she first obtains this coverage.

The choice of a PCP or other Practitioner is solely up to a Covered Person. However, Horizon BCBSNJ cannot guarantee the availability of a particular Practitioner.

If the PCP chosen cannot accept more patients, the Covered Person will be notified and given a chance to make another PCP selection.

Changing a PCP

A Covered Person must contact Horizon BCBSNJ to select a new PCP from the Network.

Horizon BCBSNJ will process the form within 30 days. We will then send a Covered Person a letter that confirms the selection and indicates the date that the change is effective.

Until the Covered Person receives this letter, he/she must continue to use the current PCP. But, if the current PCP is no longer in the Network, the Covered Person may start to use the new PCP right away.

Member Services

The Member Services Representatives who staff Horizon BCBSNJ Member Services Departments are there to answer Covered Persons' questions about the Plan and to assist in managing their care. To contact Member Services, a Covered Person should call the number on his/her Identification (ID) Card.

The Care Manager

In order to receive In-Network benefits, a Horizon BCBSNJ Care Manager must manage treatment for Mental or Nervous Disorders, Alcoholism and Substance Abuse. A Covered Person must contact the Care Manager when there is a need for these types of care. The phone number is shown on his/her ID card.

Referral Forms

A Covered Person can be Referred for Specialist Physician services by his/her PCP through the use of a Referral form to receive In Network Benefits. This form is valid only for the specific number of Visits and/or types of service shown on it by the PCP.

A Covered Person may take the referral form with him/her and present it when obtaining specialty care.

Miscellaneous Provisions

- a. This Plan is intended to pay for Covered Services and Supplies as described in this booklet. Horizon BCBSNJ does not provide the services or supplies themselves, which may, or may not, be available.
- b. Horizon BCBSNJ is only required to provide its Allowance for Covered Services and Supplies, to the extent stated in the Group Plan. Horizon BCBSNJ has no other liability.
- c. Benefits are to be provided in the most cost-effective manner practicable. If Horizon BCBSNJ determines that a more cost-effective manner exists, Horizon BCBSNJ reserves the right to require that care be rendered in an alternate setting as a condition of providing payment for benefits.

Your Horizon Program

Your Plan is a tiered network plan that encourages you to get care from OMNIA Tier 1 designated doctors, hospitals and other health care professionals. Your plan also covers care provided or arranged by Tier 2 doctors and other health care professionals participating as an In-Network Provider in the Horizon network of plans. In order to receive benefits under this Plan, You must use In-Network Providers. Generally, no benefits will be provided for the services of Out-of-Network Providers.

Under this Plan you are not required to choose a Primary Care Practitioner (PCP.) but when you pre-select an In-Network PCP, he or she can help You obtain the most appropriate services and treatment in the proper setting.

Some of the In-Network Providers are classified as OMNIA Tier 1 or Tier 2. The cost sharing (Copayment, Deductible and/or Coinsurance) is lower for use of OMNIA Tier 1 In-Network Providers than for Tier 2 In-Network Providers within Our Service Area. In order to take advantage of the lower cost sharing for the use of a OMNIA Tier 1 Hospital it will be necessary to select an In-Network Provider who has admitting privileges at the OMNIA Tier 1 Hospital when hospitalization becomes necessary. Where there are no OMNIA Tier 1 In- Network Providers available within the geographic accessibility standards established under N.J.A.C 11:24-6.1 et seq., Horizon BCBSNJ will provide an in-plan exception to make Tier 2 In-Network Providers available at the OMNIA Tier 1 cost-share.

This section explains what you pay, and how Deductibles, Coinsurance and Copayments work together.

Note: Coverage will be reduced if a Covered Person does not comply with the Utilization Review and Management provisions contained in this Plan.

BENEFIT PROVISIONS

Tier 2 Deductible

The Tier 2 Deductible is for treatment, services or supplies given by a Tier 2 In-Network Provider . Preventive care Services are not subject to a Deductible. Where there is a OMNIA Tier 1 Deductible, any cost sharing such as Copayment, Deductible and/or Coinsurance expended in connection with a OMNIA Tier 1 Covered Charge will also be credited to the Tier 2 Deductible. Cost-sharing for Tier 2 Covered Charges are not credited to the OMNIA Tier 1 Deductible.

Each Deductible is shown in the Schedule of Covered Services and Supplies.

Tier 2 Single Deductible Limit

Each Calendar Year, the sum of the Covered Charges for each Covered Person for treatment, services or supplies from a Tier 2 In-Network Provider and those from a OMNIA Tier 1 In-Network Provider must exceed the Tier 2 Deductible before Horizon BCBSNJ pays for Tier 2 Covered Charges to that Covered Person. Only Covered Charges incurred by the Covered Person for treatment, services or supplies from OMNIA Tier 1 or a Tier 2 In-Network Provider, while insured by this Policy, can be used to meet this Deductible. Once the Tier 2 Deductible is met, Horizon BCBSNJ pays benefits for other such Covered Charges above both the OMNIA Tier 1 and Tier 2 Deductible incurred by that Covered Person, less any applicable Coinsurance or Copayments, for the rest of that Calendar Year.

The OMNIA Tier 1 and the Tier 2 Deductible cannot be met with Non-Covered Charges. Only Covered Charges incurred by the Covered Person while insured under this Program can be used to meet the Deductible. What Horizon BCBSNJ pays is based on all the terms of this Program.

Family Deductible Limit

The Family Deductible is a cumulative Deductible for all family members for each Calendar Year.

Each Deductible is shown in the Schedule of Covered Services and Supplies.

Tier 2 Family Aggregate Deductible Limit

When the Covered Person and each covered Dependent incurs Covered Charges that apply towards the OMNIA Tier 1 and Tier 2 Individual Deductibles, these Covered Charges will also count toward the Tier 2 Family Deductible Limit. The Tier 2 Family Deductible Limit can be met by a combination of family members with no single individual within the family contributing more than the Tier 2 Individual Deductible limit amount in a Calendar Year. Once this Tier 2 Family Deductible is met in a Benefit Period/ Calendar Year, Horizon BCBSNJ provides coverage for all OMNIA Tier 1 and Tier 2 Covered Charges for all Covered Persons who are part of the covered family, less any applicable Coinsurance or Copayments, for the rest of the Calendar Year.

OMNIA Tier 1 Individual Out-of-Pocket Maximum

OMNIA Tier 1 Out-of-Pocket Maximum means the annual maximum dollar amount that a Covered Person must pay as Copayment, Deductible and Coinsurance for all OMNIA Tier 1 Covered Services and Supplies in a Calendar Year. All amounts paid as Copayment, Deductible and Coinsurance for OMNIA Tier 1 Covered Services and Supplies shall count toward the OMNIA Tier 1 Out-of-Pocket Maximum. Once the OMNIA Tier 1 Out-of-Pocket Maximum has been reached, the Covered Person has no further obligation to pay any amounts as Copayment, Deductible and Coinsurance for OMNIA Tier 1 Covered Services and Supplies for the remainder of the Calendar Year.

OMNIA Tier 1 Family Out-of-Pocket Maximum

Once any combination of Covered Persons in a family meet an amount equal to two times the OMNIA Tier 1 Individual Out-of-Pocket Maximum, no Covered Person in that family will be required to pay any amounts as Copayments, Deductible or Coinsurance for OMNIA Tier 1 Covered Services and Supplies for the remainder of the Calendar Year.

Tier 2 Individual Out-of-Pocket Maximum

Tier 2 Out-of-Pocket Maximum means the annual maximum dollar amount that a Covered Person must pay as Copayment, Deductible and Coinsurance for all OMNIA Tier 1 and Tier 2 Covered Services and Supplies in a Calendar Year. All amounts paid as Copayment, Deductible and Coinsurance, regardless of whether the services are OMNIA Tier 1 or Tier 2 shall count toward the Tier 2 Out-of-Pocket Maximum. Once the Tier 2 Out-of-Pocket Maximum has been reached, the Covered Person has no further obligation to pay any amounts as Copayment, Deductible and Coinsurance for OMNIA Tier 1 or Tier 2 Covered Services and Supplies for the remainder of the Calendar Year.

Tier 2 Family Out-of-Pocket Maximum

Once any combination of Covered Persons in a family meet an amount equal to two times the Tier 2 Individual Out-of-Pocket Maximum, no Covered Person in that family will be required to pay any amounts as Copayments, Deductible or Coinsurance for OMNIA Tier 1 and Tier 2 Covered Services and Supplies for the remainder of the Calendar Year.

An Out-of-Pocket Maximum cannot be met with Non-Covered Charges. But solely for the purposes of this subsection, a Covered Person's or covered family's Prescription Drug Cost Share Amount shall be applied towards the applicable In-Network Out-of-Pocket Expense Maximum under this Plan.

Payment Limits

The Plan limits what it will pay for certain types of charges. See the Schedule of Covered Services and Supplies for these limits.

Benefits From Other Plans

The benefits this Plan will provide may also be affected by benefits from Medicare and other health benefit plans. Read The Effect of Medicare on Benefits and Coordination of Benefits and Services sections of this Booklet for an explanation of how this works.

If This Plan Replaces Another Plan

The Employer that provides this Plan may have purchased it to replace a prior plan of group health benefits.

The Covered Person may have Incurred charges for Covered Charges under that prior plan before it ended. If so, these Covered Charges will be used to meet this Plan's Deductible if:

- a. they were Incurred during the Calendar Year in which this Plan starts;
- b. this Plan would have paid benefits for them, if this Plan had been in effect;
- c. the Covered Person was covered by the prior plan when it ended and enrolled in this Plan on its Effective Date; and
- d. this Plan starts right after the prior plan ends.

SUMMARY OF COVERED SERVICES AND SUPPLIES

This section lists the types of services and supplies that Horizon BCBSNJ will consider as Covered Services or Supplies, up to its Allowance and subject to all the terms of this Plan. These terms include, but are not limited to, Medical Necessity and Appropriateness, Utilization Review and Management features, the Schedule of Covered Services and Supplies, benefit limitations and exclusions.

A. COVERED BASIC SERVICES AND SUPPLIES

This Plan covers the treatment of Alcoholism if the treatment is prescribed by a Practitioner.

Inpatient or Outpatient treatment may be furnished as follows:

- a. Care in a health care Facility licensed pursuant to P.L. 1971, c. 136 (N.J.S.A. 26:2H-1 et seq.);
- b. At a Detoxification Facility; or
- c. As an Inpatient or Outpatient at a licensed, certified or State approved residential treatment Facility, under a Plan which meets minimum standards of care equivalent to those prescribed by the Joint Commission.

Treatment or a stay at any Facility shall not prevent further or additional treatment at any other eligible Facility, if the Benefit Days used do not exceed the total number of Benefit Days provided for any other Illness under the Plan.

This Plan covers audiology services rendered by a physician or licensed audiologist or licensed speech-language pathologist. The services must be: (a) determined to be Medically Necessary and Appropriate; and (b) performed within the scope of the Practitioner's practice.

Birthing Centers

As an alternative to the conventional Hospital delivery room care, Horizon BCBSNJ has entered into special agreements with certain Birthing Centers:

Deliveries in Birthing Centers, in many cases, are deemed an effective cost saving alternative to Inpatient Hospital care. At a Birthing Center, deliveries take place in "birthing rooms", where decor and furnishings are designed to provide a more natural, home like atmosphere.

All care is coordinated by a team of certified nurse midwives and pediatric nurse practitioners. Obstetricians, pediatricians and a nearby Hospital are available in case of complications. Prospective Birthing Center patients are carefully screened. Only low risk pregnancies are accepted. High risk patients are referred to a Hospital maternity Plan.

The Birthing Center's services, including pre natal, delivery and post natal care, will be covered. If complications occur during labor, delivery may take place in a Hospital because of the need for emergency and/or Inpatient care. If, for any reason, the pregnancy does not go to term, we will not provide payment to the Birthing Center.

Dental Care and Treatment

This Plan covers:

- a. the diagnosis and treatment of oral tumors and cysts; and
- b. the surgical removal of bony impacted teeth; and
- c. Surgical and non-Surgical treatment of Temporomandibular joint dysfunction syndrome (TMJ) in a Covered Person. But, this Plan does not cover charges for orthodontia, crowns or bridgework. "Surgery", if needed, includes the pre-operative and post-operative care connected with it.

This Plan also covers charges for the treatment of Injury to sound natural teeth or the jaw that are Incurred within 12 months after the accident. But, this is only if the Injury was not caused, directly or indirectly, by biting or chewing. Treatment includes replacing sound natural teeth lost due to Injury. But, it does not include orthodontic treatment.

Diagnosis and Treatment of Autism and Other Developmental Disabilities

This Plan provides coverage for charges for the screening and diagnosis of autism and other Developmental Disabilities.

If a Covered Person's primary diagnosis is autism or another Developmental Disability, and regardless of anything in the Plan to the contrary, the Plan provides coverage for the following Medically Necessary and Appropriate Therapy Services, as prescribed in a treatment plan:

- a. Occupational Therapy needed to develop the Covered Person's ability to perform the ordinary tasks of daily living;
- b. Physical Therapy needed to develop the Covered Person's physical functions; and
- c. Speech Therapy needed to treat the Covered Person's speech impairment.

Notwithstanding anything in the Plan to the contrary, the foregoing Therapy Services as prescribed in a treatment plan will not be subject to benefit visit maximums.

Also, if a Covered Person's primary diagnosis is autism, in addition to coverage for certain Therapy Services, as described above, the Plan also covers Medically Necessary and Appropriate: (a) Behavioral Interventions Based on Applied Behavioral Analysis (ABA); and (b) Related Structured Behavioral Plans. Such interventions and Plans must be prescribed in a treatment plan.

Benefits for these services are payable on the same basis as for other conditions, and they are available under this provision whether or not the services are restorative. Benefits for the above Therapy Services available pursuant to this provision are payable separately from those payable for other conditions and will not operate to reduce the Therapy Services benefits available under the Plan for those other conditions.

Any treatment plan referred to above must: (a) be in writing; (b) be signed by the treating Practitioner; and (c) include: (i) a diagnosis; (ii) proposed treatment by type, frequency and duration; (iii) the anticipated outcomes stated as goals; and (iv) the frequency by which the treatment plan will be updated. With respect to the covered behavioral interventions and Plans mentioned above, the term "Practitioner" shall also include a person who is credentialed by the national Analyst Certification Board as either: (a) a Board Certified Behavior Analyst-Doctoral; or (b) a Board Certified Behavior Analyst.

Horizon BCBSNJ may request more information if it is needed to determine the coverage under the Plan. Horizon BCBSNJ may also require the submission of an updated treatment plan once every six months, unless Horizon BCBSNJ and the treating physician agree to more frequent updates.

If a Covered Person:

- a. is eligible for early intervention services through the New Jersey Early Intervention System;
- b. has been diagnosed with autism or other Developmental Disability; and
- c. receives Physical Therapy; Occupational Therapy; Speech Therapy; ABA; or Related Structured Behavioral Plans;

the portion of the family cost share attributable to such services is a Covered Charge under the Plan. Any Deductible, Coinsurance or Copayment that applies under the Plan to a non-specialist Practitioner Visit for treatment of an Illness or Injury will apply to the family cost share.

Therapy Services a Covered Person received through New Jersey Early Intervention will not reduce the Therapy Services otherwise available to the Covered Person under this provision.

Diagnostic X-rays and Lab Tests

This Plan covers diagnostic X-ray and lab tests.

Emergency Room

This Plan covers services provided by a Hospital emergency room to treat a Medical Emergency or provide a Medical Screening Examination. Each time a Covered Person uses the Hospital emergency room, he/she must pay a Copayment, as shown in the Schedule of Covered Services and Supplies. But, this does not apply IF the Covered Person is admitted to the Hospital within 24 hours. No benefits are payable if a Covered Person uses the Hospital emergency room for other than a Medical Emergency, unless previously authorized.

Facility Charges

This Plan covers Hospital semi-private room and board and Routine Nursing Care provided by a Hospital on an Inpatient basis. Horizon BCBSNJ limits what it covers each day to the room and board limit shown in the Schedule of Covered Services and Supplies.

If a Covered Person Incurs charges as an Inpatient in a Special Care Unit, this Plan covers the charges the same way it covers charges for any Illness.

This Plan also covers: (a) Outpatient Hospital services, including services furnished by a Hospital Outpatient clinic; and (b) emergency room care, as described above.

If a Covered Person is an Inpatient in a Facility at the time this Plan ends, this Plan will continue to cover that Facility stay, subject to all other terms of this Plan.

A Covered Person must pay a Per-Admission Deductible/Inpatient Copayment as shown in the Schedule of Covered Services and Supplies.

This Plan covers services relating to Infertility (defined below), including, but not limited to, the following services and procedures recognized by the American Society for Reproductive medicine or the American College of Obstetricians and Gynecologists:

- a. Assisted hatching;
- b. Diagnosis and diagnostic tests;
- c. Completed egg retrievals Per Lifetime of the Covered Person;
- d. Gamete intrafallopian transfer (requires Prior Authorization);
- e. Medications, including injectible infertility medications;
- f. Ovulation induction;
- g. Surgery, including microsurgical sperm aspiration;
- h. Artificial insemination;

In addition to any applicable exclusions in the "Exclusions" section, the following limitations and exclusions apply solely to the coverage described in this subsection:

 5. The following services are not covered:
 - a. Medical services given to a surrogate, for purposes of childbearing, if the surrogate is not a Covered Person.

- b. needs an extended length of stay; or
- c. plans to obtain a service or supply to which the section "Medical Appropriateness Review Procedure", below, applies.

If a Covered Person or his/her Provider does not comply with this Utilization Review section, he/she will not be eligible for full benefits under this Plan.

Also, what Horizon BCBSNJ covers is subject to all of the other terms and conditions of this Plan.

This Plan has Alternate Treatment/Case Management/Managed Health Services features. Under these features, a case coordinator reviews a Covered Person's medical needs in clinical situations with the potential for catastrophic claims to determine whether alternative treatment may be available and appropriate. See the Alternate Treatment Features description for details.

If Horizon BCBSNJ does not give its Prior Authorization, benefits for the Covered Service or Supply will be reduced by **20%**.

The Covered Person or his/her Provider must request a required review from Horizon BCBSNJ at least five business days before the Covered Service or Supply is scheduled to be furnished, or as soon before as reasonably possible. If the treatment or procedure is being performed in a Hospital/Facility on an Inpatient basis, only one authorization for both the Inpatient Admission and the treatment or procedure is needed. When Horizon BCBSNJ receives the request, Horizon BCBSNJ determines the Medical Necessity and Appropriateness of the treatment, procedure or supply, and either:

Horizon BCBSNJ notifies the Covered Person, his/her Practitioner or Hospital/Facility, by phone, of the outcome of the review. Horizon BCBSNJ also confirms the outcome of the review in writing.

BENEFITS PAYABLE FOR AUTOMOBILE RELATED INJURIES

This section applies when expenses are Incurred by a Covered Person due to an Automobile Related Injury.

Definitions

"Automobile Related Injury": Bodily injury of a Covered Person due to an accident while occupying, entering into, alighting from or using an auto; or if the Covered Person was a pedestrian, caused by an auto or by an object propelled by or from an auto.

"Allowable Expense": A Medically Necessary and Appropriate, reasonable and customary item of expense that is at least in part a Covered Charge under this Plan or PIP.

"Eligible Expense": That portion of expense Incurred for treatment of an Injury which is covered under this Plan without application of Deductibles or Copayments, if any.

"Out-of-State Automobile Insurance Coverage" or "OSAIC": Any coverage for medical expenses under an auto insurance contract other than PIP. This includes auto insurance contracts issued in another state or jurisdiction.

"PIP": Personal injury protection coverage (i.e., medical expense coverage) that is part of an auto insurance contract issued in New Jersey.

Application of this Provision

When expenses are Incurred as a result of an Automobile Related Injury, and the injured person has coverage under PIP or OSAIC, this provision will be used to determine whether this Plan provides coverage that is primary to such coverage or secondary to such coverage.

Determination of Primary or Secondary Coverage

This Plan provides secondary coverage to PIP unless this Plan's health coverage has been elected as primary by or for the Covered Person. This election is made by the named insured under a PIP contract. It applies to that person's family members who are not themselves named insured under other auto contracts. This Plan may be primary for one Covered Person, but not for another if the persons have separate auto contracts and have made different selections regarding the primacy of health coverage.

This Plan is secondary to OSAIC. But, this does not apply if the OSAIC contains provisions that make it secondary or excess to the Covered Person's other health benefits. In that case, this Plan is primary.

If the above rules do not determine which health coverage is primary, or if there is a dispute as to whether this Plan is primary or secondary, this Plan will provide benefits for Covered Charges as if it were primary.

Benefits This Plan Will Pay if it is Primary to PIP or OSAIC

If this Plan is primary to PIP or OSAIC, it will pay benefits for Covered Charges in accordance with its terms. If there are other plans that: (a) provide benefits to the Covered Person; and (b) are primary to auto insurance coverage, then this Plan's rules regarding the coordination of benefits will apply.

Benefits This Plan Will Pay if it is Secondary to PIP

If this Plan is secondary to PIP, the actual coverage will be the lesser of:

- a. the Allowable Expenses left uncovered after PIP has provided coverage (minus this Plan's Deductibles, Copayments, and/or Coinsurance); or
- b. the actual benefits that this Plan would have paid if it provided its coverage primary to PIP.

Medicare

To the extent that this Plan provides coverage that supplements Medicare's, then this Plan can be primary to automobile insurance only insofar as Medicare is primary to auto insurance.

SUBROGATION AND REIMBURSEMENT

If another person or entity, through an act or omission, causes any participant, beneficiary, or any other covered person receiving benefits under this Plan, hereinafter individually and collectively referred to as "Covered Person", to suffer an injury or illness, and in the event benefits were paid under the Plan for that injury or illness, a Covered Person must agree to the provisions listed below. Additionally, if a Covered Person is injured and no other person or entity is responsible but a Covered Person receives (or is entitled to) a recovery from another source, and if the Plan paid benefits for that injury, a Covered Person must refund the Plan all benefits paid and must also agree to the provisions listed below.

This Plan provides benefits to or on behalf of said Covered Person only on the following terms and conditions:

1. In the event that benefits are provided under this Plan, the Plan shall be subrogated to all of the Covered Person's or the Covered Person's representative's (representative for this purpose includes, if applicable, heirs, administrators, legal representatives, parents (if a minor), successors, or assignees) rights of recovery against any person or organization to the extent of the benefits provided to the Covered Person. The Covered Person shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The Covered Person shall do nothing after loss to prejudice such rights. The Covered Person hereby agrees to cooperate with the Plan and/or any representatives of the Plan in completing such forms and in giving such information surrounding any injury, illness, or accident as the Plan or the Plan representatives deem necessary to fully investigate the incident.
2. The Plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the Plan. The Plan is entitled under its right of recovery to be reimbursed for the full amount of the Plan's benefit payments even if the Covered Person is not "made whole" for all of his or her damages in the recoveries that he or she receives.
3. The Plan's right to reimbursement is, and shall be, prior and superior to the right of any other person or entity, including the Covered Person.
4. By accepting benefits hereunder, the Covered Person hereby grants an automatic lien against and assigns to the Plan, in an amount equal to the benefits paid by the Plan, any recovery, whether by settlement, judgment, or other payment intended for, payable to, or received by the Covered Person, or on behalf of the Covered Person. The Covered Person hereby consents to said lien and/or assignment and agrees to take whatever steps are necessary to help the Plan secure said lien and/or assignment. The Covered Person agrees that said lien and/or assignment shall constitute a charge upon the proceeds of any recovery and the Plan shall be entitled to assert security interest thereon.
5. By the acceptance of benefits under the Plan, the Covered Person and his or her representatives agree serve as a constructive trustee and to hold the proceeds of any settlement, judgment and/or other payment in constructive trust for the benefit of the Plan to the extent of 100% of all benefits paid on behalf of the Covered Person.
6. The subrogation and reimbursement rights and liens apply to any recoveries made by the Covered Person as a result of the injuries sustained, including but not limited to the following:
 - a. Payments made directly by the third party tortfeasor, or any insurance company on behalf of the third party tortfeasor, or any other payments on behalf of the third party tortfeasor.

- b. Any payments or settlements or judgment or arbitration awards paid by any insurance company under an uninsured or underinsured motorist coverage, whether on behalf of a Covered Person or other person.
 - c. Any other payments from any source designed or intended to compensate a Covered Person for injuries sustained.
 - d. Any worker's compensation award or settlement.
 - e. Any recovery made pursuant to no-fault insurance.
 - f. Any medical payments made as a result of such coverage in any automobile or homeowners insurance policy.
5. The Covered Person shall not take action that may prejudice the Plan's right of recovery, including but not limited to the assignment of any rights of recovery from any tortfeasor or other person or entity. No Covered Person shall make any settlement which specifically reduces or excludes, or attempts to reduce or exclude the benefits provided by the Plan. The Plan will not reduce its share of any recovery unless, in the exercise of its discretion, the Plan agrees in writing.
6. The Plan's right of recovery shall be a prior lien against any proceeds recovered by the Covered Person, which right shall not be defeated nor reduced by the application of any doctrine purporting to defeat the Plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages. Accordingly, the Plan is entitled under its right of recovery to be reimbursed for its benefit payments even if the Covered Person is not "made whole" for all of his or her damages in the recoveries he or she receives; there shall be no application of the "made whole" doctrine, "rimes doctrine" or any such doctrine defeating the Plan's right of recovery.
7. No Covered Person hereunder shall incur any expenses on behalf of the Plan in pursuit of the Plan's rights hereunder. Specifically, no court costs or attorney's fees may be deducted from the Plan's recovery without the prior express written consent of the Plan and the Plan's right of recovery is not subject to reduction of attorney's fees and costs under the "common fund" or any other doctrine.
8. In the event that a Covered Person shall fail or refuse to honor its obligations hereunder, then the Plan shall be entitled to recover any costs incurred in enforcing the terms hereof including but not limited to attorney's fees, litigation, court costs, and other expenses. The Plan shall also be entitled to offset the reimbursement obligation against any entitlement to future Plan benefits hereunder until the Covered Person has fully complied with his or her reimbursement obligations hereunder, regardless of how those future Plan benefits are incurred.
9. Any reference to state law in any other provision of this policy shall not be applicable to this provision, if the Plan is governed by ERISA. By acceptance of benefits under the Plan, the Covered Person agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the Plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.

THE EFFECT OF MEDICARE ON BENEFITS

IMPORTANT NOTICE

For the purposes of this Booklet's "Coordination of Benefits and Services" provision, the benefits for a Covered Person may be affected by whether he/she is eligible for Medicare and whether the "Medicare as Secondary Payer" rules apply to the Plan. This section, on "Medicare as Secondary Payer", or parts of it, may not apply to this Plan. The Employee must contact the Employer to find out if the Employer is subject to Medicare as Secondary Payer rules.

For the purpose of this section:

- a. "Medicare" means Part A and B of the health care program for the aged and disabled provided by Title XVIII of the United States Social Security Act, as amended from time to time.
- b. A Covered Person is deemed to be eligible for Medicare by reason of age from the first day of the month during which he/she reaches age 65. But, if the Covered Person is born on the first day of a month, he/she is deemed to be eligible for Medicare from the first day of the month that is immediately prior to his/her 65th birthday. A Covered Person may also be eligible for Medicare by reason of disability or End-Stage Renal Disease (ESRD).
- c. Under the rules for coordination of benefits and services described earlier, a "Primary Plan" pays benefits for a Covered Person's Covered Charges first, ignoring what the Covered Person's "Secondary Plan(s)" pays. The "Secondary Plan(s)" then pays the remaining unpaid Allowable Expenses in accordance with the provisions of the Covered Person's secondary health plan.

The following rules explain how this Plan's group health benefits interact with the benefits available under Medicare as Secondary Payer rules. A Covered Person may be eligible for Medicare by reason of age, disability or ESRD. Different rules apply to each type of Medicare eligibility as explained below:

In all cases where a person is eligible for Medicare and this Plan is the secondary plan, the Allowable Expenses under this Plan and for the purposes of the Coordination of Benefits and Services rules, will be reduced by what Medicare would have paid if the Covered Person had enrolled for full Medicare coverage. But this will not apply, however, if; (a) the Covered Person is eligible for, but not covered, under Part A of Medicare; and (b) he/she could become covered under Part A only by enrolling and paying the required premium for it.

This section applies to a Covered Person who is:

- a. The Employee or covered Spouse; and
- b. eligible for Medicare by reason of age; and
- c. has coverage under this program due to the current employment status of the Employee.

Under this section, such a covered person is referred to as a "Medicare eligible".

This section does not apply to:

- a. a Covered Person, other than an Employee or covered Spouse;
- b. a Covered Person who is under age 65; or

- c. a Covered Person who is eligible for Medicare solely on the basis of End Stage Renal Disease.

When a Covered Person becomes eligible for Medicare by reason of age, this Plan permits the Covered Person to make a prospective election change that cancels coverage under this Plan and elect Medicare as the primary health plan.

If a Covered Person cancels coverage under this Plan, the Covered Person will no longer be covered by this Plan. Medicare will be the primary payer. Coverage under this plan will end on the last day of the month in which the Covered Person elects Medicare the primary health plan.

If a Covered Person does not make an election upon becoming eligible for Medicare by reason of age, this Plan will continue to be the primary health plan. This plan pays first, ignoring Medicare. Medicare will be considered the secondary health plan.

Medicare Eligibility by Reason of Disability

This part applies to a Covered Person who:

- a. is under age 65;
- b. is eligible for Medicare by reason of disability; and
- c. has coverage under this Plan due to the current employment status of the Employee.

This part does **not** apply to:

- a. a Covered Person who is eligible for Medicare by reason of age; or
- b. a Covered Person who is eligible for Medicare solely on the basis of ESRD.

When a Covered Person becomes eligible for Medicare by reason of disability, this Plan is the primary plan; Medicare is the secondary plan.

Medicare Eligibility by Reason of End Stage Renal Disease

This part applies to a Covered Person who is eligible for Medicare solely on the basis of ESRD.

This part does not apply to a Covered Person who is:

- a. eligible for Medicare by reason of age ; or
- b. eligible for Medicare by reason of disability.

When (a) a Covered Person becomes eligible for Medicare solely on the basis of ESRD; and (b) Incurs a charge for the treatment of ESRD for which benefits are payable under both this Plan and Medicare, this Plan is deemed the Primary Plan for a specified time, referred to as the "coordination period". This Plan pays first, ignoring Medicare. Medicare is the Secondary Plan. The coordination period is up to 30 consecutive months.

The coordination period starts on the earlier of:

- a. the first month of a Covered Person's Medicare Part A entitlement based on ESRD; or

- b. the first month in which he/she could become entitled to Medicare if he/she filed a timely application.

After the 30-month period described above ends, if an ESRD Medicare eligible person incurs a charge for which benefits are payable under both this Plan and Medicare, Medicare is the Primary Plan and this Plan is the Secondary Plan.

Dual Medicare Eligibility

This part applies to a Covered Person who is eligible for Medicare on the basis of ESRD and either age or disability.

When a Covered Person who is eligible for Medicare due to either age or disability (other than ESRD) has this Plan as the primary payer, then becomes eligible for Medicare based on ESRD, this Plan continues to be the primary payer for the first 30 months of dual eligibility. After the 30-month period, Medicare becomes the primary payer (as long as Medicare dual eligibility still exists).

When a Covered Person who is eligible for Medicare due to either age or disability (other than ESRD) has this Plan as the secondary payer, then becomes eligible for Medicare based on ESRD, this Plan continues to be the secondary payer.

When a Covered Person who is eligible for Medicare based on ESRD also becomes eligible for Medicare based on age or disability (other than ESRD), this Plan continues to be the primary payer for 30 months after the date of Medicare eligibility based on ESRD.

How To File A Claim If You Are Eligible For Medicare

Follow the procedure that applies to you or the Covered Person from the categories listed below when filing a claim.

New Jersey Providers:

- The Covered Person should give the Practitioner or other Provider his/her identification number. This number is shown on the Medicare Request for Payment (claim form) under "Other Health Insurance";
- The Provider will then submit the Medicare Request for Payment to the Medicare Part B carrier;
- After Medicare has taken action, the Covered Person will receive an Explanation of Benefits form from Medicare;
- If the remarks section of the Explanation of Benefits contains this statement, no further action is needed: "This information has been forwarded to Horizon Blue Cross Blue Shield of New Jersey for their consideration in processing supplementary coverage benefits;"
- If the above statement does not appear on the Explanation of Benefits, the Covered Person should include his/her Identification number and the name and address of the Provider in the remarks section of the Explanation of Benefits and send it to Horizon BCBSNJ.

Out-of-State Providers:

- The request for Medicare payment should be submitted to the Medicare Part B carrier in the area where services were performed. Call your local Social Security office for information;

- Upon receipt of the Explanation of Benefits, show the Identification Card number and the name and address of the Provider in the remarks section and send the Explanation of Benefits to us for processing.

CLAIMS PROCEDURES

Generally, since this Plan requires the use of In-Network Providers for most Covered Services and Supplies, Covered Persons will not need to file claims. But there are some services, e.g., treatment for a Medical Emergency by an Out-of-Network Provider, for which a claim will need to be filed.

To the extent they are needed, claim forms and instructions for filing claims will be provided to Covered Persons. Completed claim forms and any other required materials must be submitted to Horizon BCBSNJ or its designees for processing.

Alternatively, claim forms can be accessed at and downloaded from Horizon BCBSNJ's web site (www.horizonblue.com).

Submission of Claims

These procedures apply to the filing of claims, when necessary. All notices from Horizon BCBSNJ will be in writing.

- a. Claim forms must be filed no later than 18 months after the date the services were Incurred.
- b. Itemized bills must accompany each claim form. A separate claim form is needed for each claim filed. In general, the bills must contain enough data to identify: the patient; the Provider; the type of service and the charge for each service and the Provider's license number.

Bills for Private Duty Nursing must state that the Nurse is a Registered Nurse (R.N.) or a Licensed Practical Nurse (L.P.N.) and must contain the Nurse's license number.

- c. If a claim is denied or disputed, in whole or in part, Horizon BCBSNJ will notify the claimant (or his/her agent or designee) of it within 30 calendar days after receipt of the claim.

The denial notice will set forth:

1. that the claim is incomplete, with a statement as to what material or information is needed to complete the claim and why it is needed; or
2. that the claim contains incorrect information with a statement as to what information must be corrected; or
3. that all or part of the claimed amount is disputed with a statement as to the basis for the dispute; or
4. that Horizon BCBSNJ finds that there is a strong evidence of fraud and has started an investigation; or
5. that the claim does not meet Plan requirements, with specific references to the Plan provisions on which the denial is based;
6. an explanation of the Plan's claim review procedure, including any rights to pursue civil action;
7. if an internal rule, guideline, protocol, or other similar criterion was relied upon in making the decision, either the specific rule or a statement that such a rule was relied upon in making the decision, and that a copy of such rule will be provided free of charge upon request;

8. if the decision is based on Medical Necessity and Appropriateness or an Experimental or Investigational (or similar) exclusion or limitation, either an explanation of the scientific or clinical judgment for the decision, applying the terms of the Plan to the medical circumstances, or a statement that such explanation will be provided free of charge upon request;
 9. if the decision involves a Medical Emergency or Urgent Care, a description of the expedited review process applicable to such claims; and
 10. the toll free number that the Covered Person or his/her Provider can call to discuss the claim.
4. This applies if you are the non-custodial parent of a Child Dependent. In this case, Horizon BCBSNJ will give the custodial parent the information needed for the Child Dependent to obtain benefits under the Plan. Horizon BCBSNJ will also permit the custodial parent, or the Provider with the authorization of the custodial parent, to submit claims for Covered Services and Supplies without your approval.

To Whom Payment Will Be Made

- a. Payment for services of an In-Network Provider or a BlueCard Provider will be made directly to that Provider if the Provider bills Horizon BCBSNJ, as Horizon BCBSNJ determines.
- b. Payment for any Covered Services and Supplies provided by Out-of-Network Providers will be made to you.
- c. Except as stated above, in the event of a Covered Person's death or total incapacity, any payment or refund due will be made to his/her heirs, beneficiaries, trustees or estate.
- d. If you are the noncustodial parent of a Child Dependent, Horizon BCBSNJ will pay claims filed as described in paragraph d of the section "Submission of Claims" directly to: the Provider or Custodial parent; or the Division of Medical Assistance and Health Services in the Department of Human Services which administers the State Medicaid program, as appropriate.

If Horizon BCBSNJ pays anyone who is not entitled to benefits under this Plan, Horizon BCBSNJ has the right to recover those payments on behalf of the Plan.

OUT OF AREA SERVICES

Horizon BCBSNJ has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. These are referred to generally as "Inter-Plan Plans." When you obtain Covered Services and Supplies outside of Horizon BCBSNJ's Service Area, the claims for these services and supplies may be processed through one of these Inter-Plan Plans. These programs include the BlueCard Plan, described below.

Typically, when you access medical care outside Horizon BCBSNJ's Service Area, you will obtain it from healthcare Providers that have a contractual agreement (i.e., are "participating Providers") with the local Blue Cross and/or Blue Shield Licensee in that other area ("Host Blue"). But in some cases, you may obtain care from non-participating Providers. Horizon BCBSNJ's payment practices when you obtain out-of-area Covered Services and Supplies from such participating Providers are described generally below. Other parts of your Booklet describe what happens when you obtain Covered Services and Supplies from non-participating Providers.

A. BlueCard® Plan

Under the BlueCard® Plan, when you obtain Covered Services and Supplies within the geographic area served by a Host Blue, Horizon BCBSNJ will still fulfill its contractual obligations. But the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When you obtain Covered Services and Supplies outside Horizon BCBSNJ's Service Area and the claim is processed through the BlueCard Plan, the amount you pay, if not a flat Copayment, is calculated based on the lower of:

- The billed Covered Charges for the Covered Services or Supplies; or
- The negotiated price that the Host Blue makes available to Horizon BCBSNJ.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes it is an estimated price that takes into account a special arrangement with that Provider or Provider group. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve: types of settlements; incentive payments; and/or other credits or charges.

Estimated and average pricing arrangements also take into account certain adjustments to their basic rates. These may be made to correct for an over- or underestimation of changes of the past pricing for the types of transactions noted above. But, such adjustments will not affect the price on the claim that Horizon BCBSNJ will use to determine the amount you pay.

Also, laws in a small number of states may require the Host Blue to add a surcharge to a claim calculation. If any state law mandates other liability calculation methods, including a surcharge, Horizon BCBSNJ calculates a Covered Person's liability for any Covered Service or Supply according to applicable law.

Summary

To summarize the above, the BlueCard Plan is basically a means by which you can benefit from the discounts that another Blue Cross and Blue Shield Association Licensee has negotiated with Providers in its area of operation when you obtain Covered Services and Supplies outside of Horizon BCBSNJ's Service Area. The Plan in no way affects the terms of the Policy with respect to your contractual liability for charges Incurred for a Covered Service or Supply. The calculation of that liability will be based on the lower of: (a) the billed charge for the Covered Service or Supply received in the other Licensee's area; or (b) a negotiated price that the Host Blue makes available to Horizon BCBSNJ. The calculation of your liability can also be affected by regulatory requirements of the state in which you obtain the Covered Service or Supply.

APPEALS PROCESS

A Covered Person (or a Provider or authorized representative acting on behalf of the Covered Person and with his/her consent) may appeal Adverse Benefit Determinations. There are two types of Adverse Benefit Determinations, administrative and utilization management. "Administrative" determinations involve issues such as eligibility for coverage, benefit decisions, etc. "Utilization management" determinations are decisions that involve the use of medical judgment and/or deny or limit an admission, service, procedure or extension of stay based on the Plan's clinical and medical necessity criteria. The appeal processes for the two types differ and are described briefly below.

No Covered Person or Provider who files an appeal will be subject to disenrollment, discrimination or penalty. If there is a claim denial for either type of decision, you will receive information that includes the reason for the denial, a reference to the Plan provision on which it is based, and a description of any internal rule or protocol that affected the decision.

Appeals Process for Adverse Administrative Decisions

For this type of adverse claim decisions, you will be notified of a denial as quickly as possible, but not later than the following:

- a. For Urgent Care Claims, 72 hours from receipt of the claim;
- b. For Pre-Service Claims, 15 calendar days from receipt of the claim;
- c. For Post-Service Claims, 30 calendar days from receipt of the claim.

If you wish to appeal the decision, you have 180 days to do so. Your written request for a review of the decision should include the reason(s) why you feel the claim should not have been denied. It should also include any additional information (e.g., medical records) that you feel support your appeal.

The decision regarding your appeal will be reached as soon as possible, but not later than the following:

- For Urgent Care Claims, 72 hours from receipt of your appeal;
- For Pre-Service Claims, 30 calendar days from receipt of your appeal;
- For Post-Service Claims, 60 calendar days from receipt of your appeal.

If the initial decision on your claim is upheld upon review, you will also be informed of any additional appeal rights that you may have.

Appeals Process for Adverse Utilization Management Decisions

The process for this type of adverse decision is briefly described below. A denial notification will include a brochure that fully describes your appeal rights and how you go about exercising them.

If such a claim is denied, your treating Provider can discuss your case with a Horizon BCBSNJ Medical Director, who can be reached by telephone at the number provided in the brochure. If the initial denial is upheld, you or the Provider can further appeal the decision within one year after receiving the denial letter. The appeal can be in writing or can be initiated by telephone. The applicable address and telephone number will be provided in the brochure.

Your appeal must include the following information:

- The name(s) and address(es) of the Covered Person and/or the Provider(s);
- The Covered Person's identification number;
- The date(s) of service;
- The nature of and reason behind your appeal;
- The remedy sought; and
- Any documentation that supports your appeal.

- For Urgent Care Claims, within 72 hours from receipt of your appeal;
- For other claims, within 30 calendar days from receipt of your appeal.
